Organization Concept Note

Please complete this short form using existing information and best estimates. It helps ver+ understand the opportunity. Keep narrative answers within the suggested limits. Include links to an existing deck, budget or study rather than recreating it when required.

1 Organization and opportunity

Organization name	
Organization type Non profit / For profit	
Countries of operation in Latin America	
Primary contact Name, role and email	
Existing deck, website or proposal link	

The problem and unmet need

In up to 200 words, describe the problem, who is underserved and the size of the unmet need. Explain how the problem limits equal access to opportunity. Please be specific.

2 Solution and strategic contribution

ver+ 5-Year Plan alignment and contribution

In up to 150 words, explain how your initiative is aligned with ver+'s 5-Year Plan and how it will contribute to the needles it will move by 2031.

Organization Concept Note (cont.)

Solution and differentiation

In up to 150 words, explain what you do, how it leads to better outcomes and why it could work better, faster or at lower cost than current alternatives.

Evidence and plausibility

In up to 150 words, summarize your strongest achievements and evidence so far. State the outcome, finding, population, method, comparison group if any, and source. Clearly distinguish evidence on your initiative from evidence on similar solutions.

Create or Scale

In up to 200 words, explain whether you are creating something that does not yet exist or taking a proven solution to new countries. For scale, explain how results can grow faster than costs, and the route to government or market adoption. Give current and projected cost per person served where known, and identify who could sustain the work after ver+ funding ends.

Organization Concept Note (cont.)

3 Expected outreach and impact

Outreach means people reached or units served. Impact means a change in learning, earnings, new people accessing a service, quality or cost of service delivery. Report the two separately here so ver+ can assess the expected contribution.

Numbers reached: after the end of the funding requested, or after 1 year of implementation for equity investments.

Measure	Measure and unit (explain metric)	Numbers reached
Outreach by country		
Expected impact and size of change		

Narrative on the table above

Up to 150 words explaining the information included in the table.

4 Proposal, budget and additionality

Requested amount and duration

Amount, currency and period

Total initiative budget already committed for the same period

Amount, currency and period; clarify by source

Total organization budget for the relevant year

Amount, currency and period

Organization Concept Note (cont.)

Use of proceeds

In up to 100 words, describe what the investment would fund and the approximate allocation by major use. State whether funding is institutional or for a specific project.

What ver+ would make possible

In up to 100 words, explain what would happen without ver+ and which results, scale, outreach and impact ver+'s funding and support would enable. Identify non-financial support sought and whether a board role could be relevant.

Team

In up to 150 words, identify the accountable leader, relevant team experience and key implementation partners.

Delivery risk

In up to 150 words, identify the main risks to achieving the proposed results. Briefly explain how you would address them.
